9th November 2022.

As stakeholders in the KEIFCA Fisheries, we Invicta Marine Ltd, the undersigned, have read and support the basic framework that the Thames Estuary Fishermans Association have put forward as requested by the Chairman, which we attach for the avoidance of doubt.

It is clearly evident the need for clear concise individual questionnaires that separate the 3 different fisheries used in all parts of the consultation process moving forward to avoid the total confusion that has been evident in the former parts

We 100% wish for our cockle fisheries to remain available to only the local fishers within the KEIFCA district.
